Stockholm, Sweden

Anton Deulia

Profile

Dynamic Data & AI Engineer with three years of experience in full-stack development and AI engineering, dedicated to crafting innovative, data-driven solutions. Strong expertise in Python and cloud infrastructure (Microsoft Azure AI, Google Cloud AI, AWS) enables the design and implementation of scalable, production-ready systems. Passionate about leveraging advanced technologies to deliver impactful results in data engineering and AI.

Employment History

AI Engineer, Middle Full-Stack Developer at NiCode, Ukraine, Lviv

10/2023–12/2024

Started as a Junior Backend Developer and transitioned to a Middle Full-Stack Developer & AI Engineer within six months. Worked on developing a web platform for configuring AI-powered chatbots used by German banks (Sparkasse). Responsible for integrating and architecting solutions with Google Cloud and its AI models using Python. Built and optimized interactions between the web infrastructure (backend microservices and frontend) and LLM-based systems, ensuring scalable and reliable production workflows.

Full-Stack Developer, UI/UX Designer, AI Engineer at Freelancer

08/2023–Present

I have been working as a freelancer since the beginning of my career, gaining extensive experience across a wide range of projects—from building websites using platforms such as WordPress, Wix, and Tilda, to creating custom UI/UX designs in Figma. Since early 2025, I have been developing my own AI-powered applications, one of which is nearly complete: a fully configurable Web Editor for SaaS applications with integrated AI functionalities.
Since August 2025, I have also been working part-time as a freelancer on the project https://decode.dev/ — a visual application editor powered by Claude AI, scheduled to launch by the end of this year.

Skills

Full-Stack Development (TS, React, Angular, Node.js, Java)	5/5
Python (NumPy, Pandas, PyTorch, TensorFlow)	5/5
Cloud Infrastructure (Azure, AWS, GCP)	5/5
AI Engineering	5/5
CI/CD Pipelines (GitHub Actions, GitLab CI, Azure DevOps)	5/5

Education

Bachelor's, Chernihiv Polytechnic National University

09/2022—03/2024
